

# Jesus' Miracles

7th March 2021

"I can see"

This week we are looking at the miracle of Jesus healing the man who was born blind.

As we think about this story, there is so much we can think about.

We can see how Jesus uses miracles to show his glory, we can be thankful for our sight and we can see who Jesus really is - the Son of God!

Watch our introduction video in the link below.

Below is also another video of the story that can be found in John chapter 9.

This week we open activity envelope (B). In your activity pack you will find a postcard with a stamp. This week we would love you to talk some time out and ask God to help us "see" others the way he does. Maybe God will bring someone to your mind who needs encouragement, God might even bring to mind a verse or a picture that you could share with them.

We can't wait to see you soon!
